*Welcome to Camp Springs Community Church. I trust that you will be blessed today as we study God's Word together. The foundational teaching of the Bible is the Gospel of Jesus Christ, which simply teaches that every person is a sinner (thinks and does wrong things) and is permanently separated from God and Heaven. However, Jesus Christ (God's Son), became a man who died by being nailed to a cross to pay for the sins of the world, and then rose from the grave. Whoever puts his faith in Jesus Christ for salvation will have his sins forgiven and will gain entry into heaven (John 3:16). Please ask us if you have questions.*

Philip has been interviewing for a job at Miles Technologies, either for the help desk or as a manager. The lead recruiter called him yesterday and said that the company believes that he has the knowledge, education, experience, people skills, and expertise to be their Chief Information Officer instead. His job would be to analyze customers' technical issues and then match solutions from Miles Tech. products to solve those issues. This is new territory for Philip, but would be a great opportunity. His interview is Tuesday afternoon. Please pray that the Lord's will be done in this situation.
