Welcome to Camp Springs Community Church. I trust that you will be blessed today as we study God's Word together. The foundational teaching of the Bible is the Gospel of Jesus Christ, which simply teaches that every person is a sinner (thinks and does wrong things) and is permanently separated from God and Heaven. However, Jesus Christ (God's Son), became a man who died by being nailed to a cross to pay for the sins of the world, and then rose from the grave. Whoever puts his faith in Jesus Christ for salvation will have his sins forgiven and will gain entry into heaven (John 3:16). Please ask us if you have questions.

CONRADS, Serving in Hong Kong

With our arms still aching from the required jab, we received word of **significant escalations** in the pandemic measures. The mainland is taking over. They are multiplying quarantine facilities and camps in every sector of the city. Every resident has no choice but to line up for testing three times in March and daily at home. All who test positive will be isolated. **For two months at least, the city will remain under lock down.** We all know it will be longer

With the sudden change in government approach came a change in our plans. We believe the Lord is leading us to furlough immediately. I can pastor and disciple by Zoom in the US just as well as from Hong Kong. We can help Beth transition to life in the US and college in August. We fly out on Friday, March 4th.

As we explored the feasibility of a sudden furlough, God brought a plan together in one day. Could we even get plane tickets? Yes, we can. Could we book an elusive pre-flight covid test? Many have struggled to find an appointment, and the lab website showed no appointments on our day of departure. However, God helped us contact a chat line representative who adjusted our on the back of their system so we will get what is required before leaving. That same day, a friend recommended a storage company who can keep our possessions for a reasonable rate until we can return. My description fails to describe both **the wonder of God's provision** and the difficulty we have had in making this decision. Please pray for us.

Immediate Prayer Requests (excerpts from their letter)

Pray that our flight will **not be cancelled** and that our **pre-flight covid tests** are negative. If any of us test positive, we will probably find ourselves spending weeks in a government quarantine facility during the peak of Hong Kong's omicron outbreak.

Pray that we will be able to return to Hong Kong in September. The reality that this may not be possible has made the decision to furlough now quite difficult for us.

Pray for newly saved Jacqueline as she and her family try to emigrate to the UK.
