*Welcome to Camp Springs Community Church. I trust that you will be blessed today as we study God's Word together. The foundational teaching of the Bible is the Gospel of Jesus Christ, which simply teaches that every person is a sinner (thinks and does wrong things) and is permanently separated from God and Heaven. However, Jesus Christ (God's Son), became a man who died by being nailed to a cross to pay for the sins of the world, and then rose from the grave. Whoever puts his faith in Jesus Christ for salvation will have his sins forgiven and will gain entry into heaven (John 3:16). Please ask us if you have questions.*

Dear Pastor Lowther & Saints of Camp Springs Community Church

May our Lord God be praised for His faithfulness. You continue to encourage us with your expressions of care and help; we thank you so much for your prayers and/or financial support which continues to be needed as we still work on getting resettled into the parsonage. This has been a challenging summer for us because we have had to endure heat temperatures and humidity much higher than what we had back in Australia; our bodies have struggled with this change. Constantly running the air-conditioner is not something to which we are accustomed and our bodies have had trouble adjusting to it while not having much fresh air. However, we have enjoyed the daylight-saving time which we had missed for a long time in Australia.

Please continue to 'lift us up' in prayer. We both recently have semi-recovered from a virus that 'knocked us back' for over 2 weeks; it may have been Covid, but we are not sure. Ron is still having Physical Therapy sessions several times a week and will continue doing this for another month hoping this helps to alleviate the severe sciatica pain in his right leg while sitting in a car for over 45 minutes.

Recently he also had to see a 'foot doctor' due to ongoing considerable pain in his right foot and right ankle. The foot doctor said it is Plantar Fasciitis in the foot, but a worse problem is with an extremely tight tendon in his right ankle. For about an hour a day, the foot doctor has him wearing a special foot boot that is designed to stretch the tendon in his ankle to try and alleviate the intense pain while walking at times. These health issues are inhibiting us from doing any extended travel; we trust you understand. Despite these aging health problems, the LORD is so good to us.

We thank you for all you have done for us, and we praise the Lord for your faithfulness. We continue to pray daily that God will bless you and reward you eternally for all you have done for Him, our ministry and for us.

**Please pray for the following: TO GOD BE THE GLORY FOR WHAT HE HAS DONE THROUGH US!**

Pray God will meet our extra financial needs through our supporters.

Pray for Ron; that his right leg and foot/ankle pain problem can be managed/alleviated.

Pray for our health to get better.

Pray that within the next two months we can be finished with all the resettlement tasks.

Pray that our lives may continue to reflect Jesus Christ and God's love in all that we do.

In His Service,  
Ron & Angie
